1200W solar battery

Overview

What is a 1200 watt solar power kit?

The Eco-Worthy 1200 Watt Complete Solar Power Kit gives you everything you need to set up a comprehensive off-grid power system. Where most of the solar kits on our list include panels and a charge controller, Eco-Worthy takes it to the next level with a combination 60A MPPT charge controller and 3000W pure sine wave inverter.

How much power does a powertrak 1200 have?

It has two powerful solar modules that produce 1200 watts solar charging power and will charge your battery with up to 18+ amps of charging current. The PowerTrak-1200 also includes our 3000 watt Inverter Charger, a supreme all-in-one unit that combines 3000 watts of pure sine wave AC power with a built-in battery charger and transfer switch.

Does the powertrak-1200 have a battery charger?

The PowerTrak-1200 also includes our 3000 watt Inverter Charger, a supreme all-in-one unit that combines 3000 watts of pure sine wave AC power with a built-in battery charger and transfer switch. This system can be expanded to accommodate up to 3000 watts of solar with stackable MPPT controllers.
