If you're using batteries with your off-grid system, you will need to protect them from the elements and separated from living areas. Often that means a dedicated enclosure. We supply various sizes of enclosures for holding batteries and associated electronics. Our most popular metal battery boxes.

DDB's NEMA battery enclosures are engineered for superior protection in harsh environments, ensuring durability and security for critical battery systems. Manufactured with Alumaflex®, these heavy-duty enclosures are designed to withstand extreme weather conditions, including wind, rain, snow.

Most industrial off-grid solar power systems, such as those used in the oil & gas patch and in traffic control systems, use a battery or multiple batteries that need a place to live, sheltered from the elements and kept dry and secure. This place is called a "battery enclosure", or what is.

By continuing, I agree to the and authorize you to charge my payment method at the prices, frequency and dates listed on this page until my order is fulfilled or I cancel, if permitted. The PWRcell™ Outdoor Rated (OR) Battery Cabinet is a Type 3R smart battery enclosure that allows for a range of.

Ac power^{1,3}: 4.5 kW Max. Ac power^{1,3}: 6 kW Max. Ac power^{1,3}: 7.5 kW Max.
