4800w inverter price

Overview

How much power does a Wen 4800 watt generator produce?

The WEN 4800-Watt Inverter Generator provides clean energy, free of voltage spikes and drops, without all the noise of a regular generator. Produce up to 4800 surge watts and 4000 rated watts of power. Our 224cc engine operates at a modest 62 decibels at quarter load.

Does the Wen 4800w inverter generator have fuel shutoff?

The WEN 4800W Inverter Generator is also equipped with fuel shutoff. This feature turns off the flow of fuel, allowing for the generator to use up the remaining fuel from the carburetor before automatically shutting down.

Is 4800 watts a good wattage?

If it uses about 1/2 or less of the rated power of 4800 watts, yes. Guys this review goes for wen 4800 fuel fuel and gas only::: I purchased 2 duel fuels 1 ran perfect on propane and gas the other surged and hunted figured jet had something in it.

Why should you buy a Wen inverter generator?

Low-oil and low-fuel automatic shutdown combine with the built-in overload protection and indicator lights to safeguard both your generator and your electronics from damage. And because this is a WEN Product, your inverter generator comes backed by a 3-year limited warranty.

How do I connect two Wen Inverter generators?

Easily link up any two WEN inverter generators using a WEN Parallel Connection Kit (sold separately) in order to share wattage amongst multiple units. Low-oil and low-fuel automatic shutdown combine with the built-in overload protection and indicator lights to safeguard both your generator and your electronics from damage.

Can a parallel inverter generator be used with another unit?

□Parallel Ready□: You can parallel this inverter generator with another unit to double your output power, giving you the flexibility to handle larger loads and appliances. Its 4-stroke OHV single-cylinder engine and forced air cooling system ensure reliable performance.
