BESS rooftop solar panels in Bahrain

Overview

Announced during the Gateway Gulf 2025 Forum, hosted by the Bahrain Economic Development Board, the project will generate 123 megawatts of solar power, including a 50-megawatt rooftop installation featuring 77,000 solar panels spread across 262,000 square meters at Foulath's stockyard.

Announced during the Gateway Gulf 2025 Forum, hosted by the Bahrain Economic Development Board, the project will generate 123 megawatts of solar power, including a 50-megawatt rooftop installation featuring 77,000 solar panels spread across 262,000 square meters at Foulath's stockyard.

A power purchase agreement is in place for a 123 MW solar project in Bahrain that will span 14 sites including the world's largest rooftop solar installation, a 50 MW system on top of a 262,000 m² stockyard shed. Steel-based investment company Foulath Holding and Dubai-based developer Yellow Door.

Bahrain-based industrial giant Foulath Holding has partnered with Yellow Door Energy, a leading sustainable energy developer in the Middle East and Africa, to launch a record-breaking 123 megawatt-peak (MWp) solar project. The project marks the construction of the world's largest single-site.

Dubai: Bahrain is taking a major step toward its clean energy ambitions with the launch of the world's largest single-site rooftop solar power plant. The landmark project developed by Foulath Holding, a leading industrial group specializing in steel and iron, in partnership with Yellow Door Energy.

Foulath Holding, an industrial holding company with major steel investments and the parent company of Bahrain Steel and SULB, today announced its partnership with Yellow Door Energy, the leading sustainable energy developer in the Middle East and Africa, to embark on a groundbreaking sustainability.

Bahrain is set to build the world's largest rooftop solar plant by 2025, with a total capacity of 123 megawatts peak (MWp). Adding over 189,900 solar panels across 14 industrial sites, the project will generate approximately 200

million kilowatt-hours of clean energy annually, cutting carbon.

MANAMA, Bahrain, Nov. 2, 2025 /PRNewswire/ -- Foulath Holding, an industrial holding company with major steel investments and the parent company of Bahrain Steel and SULB, today announced its partnership with Yellow Door Energy, the leading sustainable energy developer in the Middle East and.
