

PDEOZE PowerContainer

Congo Kinshasa outdoor power supply wholesale base

Overview

What are the power plug sockets in Congo-Kinshasa?

In Congo-Kinshasa, the power plug sockets are of types C, D, and E. When living in the United States of America, you need a power plug adapter for sockets of types C, D, and E.

What percentage of Congolese people have access to electricity?

Less than 10% of the Congolese population has access to electricity, 35% in urban areas (50% in Kinshasa) and less than 1% in rural areas. There are also strong regional disparities in access to electricity. But, Congo has an immense development potential thanks to abundant hydrological and solar resources.

Why should you choose Goshop for your projects in Africa?

Whether for green energy (solar, hydroelectric) or pure power (generators), GoShop supports you in all your projects in Africa. While the worldwide population continue to grow. The Democratic Republic of the Congo, this giant of Africa, has a population of nearly 90 million, with a very low electricity penetration rate.
