Elevate performance and security with our Hybrid Energy System and Intelligent Management. Explore modular outdoor base stations for reliable high-capacity operations.

We have your outdoor antenna needs covered from yagis and panels to omnis and dipoles. Let us help you design a system that meets your needs today and into the future.

Find GMRS & #38; FRS Omni Directional Base Antennas 462-467 MHz Band Coverage at The Antenna Farm!

Base station antenna tunable from 27 to 30 Mhz. It is made of anti-corodal aluminium tubes and suppl..

Browse Tessco's industry-leading selection of outdoor base station omni antennas & accessories. View UHF & VHF varieties for marine & outdoor usage today.

This outdoor base station supports integration of various clean energy sources such as photovoltaic and wind energy, enabling flexible adjustment of energy supply to ensure sustained communication services.

This outdoor base station supports integration of various clean energy sources such as photovoltaic and wind energy, enabling flexible adjustment of energy supply to ensure ...

Built for the toughest environments, the MultiTech Conduit® IP67 Base Station delivers

secure, reliable LoRaWAN® connectivity for outdoor and industrial IoT deployments.

Ready Made: There's no assembly necessary, or extra mounting parts needed. Tuned to GMRS Band: Each antenna is tuned to the GMRS Band from 462 to 467 MHz. Will work with any ...

Omnidirectional base station antennas are collinear designs enclosed in a high density fiberglass, which is covered with a protective ultraviolet inhibiting coating. The radiating elements are ...

Ready Made: There's no assembly necessary, or extra mounting parts needed. Tuned to GMRS Band: Each antenna is tuned to the GMRS Band from 462 to 467 MHz. Will work with any radio designed or programmed ...

Built for the toughest environments, the MultiTech Conduit® IP67 Base Station delivers secure, reliable LoRaWAN® connectivity for outdoor and industrial IoT deployments.

A 1/2 wave rated Omni-directional CB base station antenna, the Proton 99 is fully tunable for 10 or 11 meter radios. The threaded tuning rings offer precise and easy in the field tuning for lowest ...
