Croatia lithium power energy storage project

Overview

The Croatian government has allocated almost €20 million (\$23.2 million) of European Union Modernization Fund grants to help complete a 60 MW/120 MWh battery energy storage system (BESS) at an aluminum rolling mill site days after plans were revealed for a utility-scale battery storage system in the Serbian city of Leskovac.

Croatia lithium power energy storage project

Oct 7, 2025 · Renewable Energy Sources of Croatia (OIEH) and the European Bank for Reconstruction and Development (EBRD) have launched the development of an expert study ...

Croatian smart lithium battery storage for homes, businesses and utilities. AI-driven control cuts energy costs and increases safety and reliability.

Oct 22, 2025 · Croatia first grid-scale battery storage and virtual power plant EBRD invests EUR16.8m in Croatia's first large-scale battery storage and virtual power plant - its first equity ...

Apr 24, 2024 · In a significant stride towards energy modernisation, Croatia is setting aside EUR 500 million for the development of large-scale energy storage systems. The announcement ...

Oct 13, 2025 · The Croatian government has allocated almost EUR20 million (\$23.2 million) of European Union Modernization Fund grants to help complete a 60 MW/120 MWh battery ...

Sep 27, 2023 · A flurry of grid-scale energy storage news from Europe, with large-scale projects progressed in Kosovo, Switzerland and Croatia involving Millenium Challenge Corporation, ...

Oct 23, 2025 · Croatia is moving forward with its largest grid-scale battery energy storage project thanks to a new investment from the European Bank for Reconstruction and Development ...

Apr 22, 2024 · The Government of Croatia is preparing EUR 500 million for the installation of batteries for storing renewable energy.

Oct 30, 2025 · Project Impact The development will facilitate the installation of up to 60 megawatts of grid-connected battery storage capacity and the implementation of a VPP platform, enabling ...

Oct 22, 2025 · EBRD invests EUR16.8m in Croatia's first large-scale battery storage and virtual power plant - its first equity stake in standalone merchant Battery Energy Storage System ...

Apr 22, 2024 · The Government of Croatia is preparing EUR 500 million for the installation of batteries for storing renewable energy.

Apr 24, 2024 · In a significant stride towards energy modernisation, Croatia is setting aside EUR 500 million for the development of large-scale energy storage systems. The announcement was made by Damir Habijan, ...
