El Salvador accelerates power-side energy storage

Overview

AES' Meanguera del Golfo solar plant—the first of its kind in Latin America—relies on enhanced solar-plus-battery storage technology to deliver uninterrupted, carbon-free electricity to isolated island communities and support economic growth in the Gulf of Fonseca region of El Salvador.

El Salvador accelerates power-side energy storage

Jul 26, 2025 · El Salvador is adding major solar and wind capacity by 2025. Discover the key projects from AES and EDPR transforming the nation's energy grid.

The project is situated in the La Unión Bay area, approximately 145 kilometers southeast of San Salvador, El Salvador's capital. It encompasses the design, construction, equipment supply ...
