

PDEOZE PowerContainer

German constant temperature container wholesale

Overview

Do you deliver shipping containers to Germany?

We mostly deliver shipping containers, reefer containers and flat rack containers to Germany. Shipping containers are indispensable for international transport and are widely used for storage, living and working spaces as well. We offer new and used containers in A and B-quality.

Are insulated containers safe for cold store refrigeration?

We have consistently implemented the idea of transporting cold store refrigeration with refrigerated or frozen products in the form of our insulated containers. TKT insulated containers are the safest method of transporting temperature-controlled goods without interrupting the cooling chain.

Who is containerships?

Containerships is a logistics company that specializes in multimodal transportation solutions, offering door-to-door logistics for various container types, including standard and customized containers for different temperature requirements.

What factors influence the cargo container industry in Germany?

Discover them now and order directly online! When exploring the cargo container industry in Germany, it is essential to consider several key factors that influence the market. The country has a robust logistics infrastructure, making it a central hub for cargo movement in Europe.

Why should you choose a thermocontainer?

Made of resistant EPS and robustly constructed, the thermo container offers high stability and is particularly suitable for the storage and transportation of medical products or perishable goods. Thanks to the flexible sizes and individual adaptations, the Thermocontainer can be tailored to specific requirements.

Are new and used shipping containers ready for transport?

New and used containers are CSC certified and are therefore ready for transport. If you are not going to use containers for transportation, a disapproved shipping container can be an interesting alternative. The 20FT container is more often used for storage and the 40FT container is most popular for transport.
