

PDEOZE PowerContainer

Horizontal container power generation

Horizontal container power generation

We've long had a reputation as a provider of never-before-seen power products -- and will offer you all the engineering and manufacturing support you need to customize your generator exactly to your specifications.

Complete MWM Container solutions: read about intelligent and complete turnkey systems for decentralized energy generation (combined heat and power plants - CHP). The components are configured to your individual ...

our eco° GEN-C series features all-in-one packaged power generation solution, engineered for mobility, easy deployment and scalability. each power container is engineered to meet specific ...

The ?Container Power Station? is built within a standardized shipping container, allowing for easy transportation by road, rail, or sea. This mobility ensures quick deployment to ...

Complete MWM Container solutions: read about intelligent and complete turnkey systems for decentralized energy generation (combined heat and power plants - CHP). The components ...

Our Containerised Generators are ideal for exposed locations, marine environments, and oil and gas applications, offering long-term durability, enhanced security, and reduced maintenance ...

We've long had a reputation as a provider of never-before-seen power products -- and will offer you all the engineering and manufacturing support you need to customize your generator ...

This innovative system is a fully autonomous electricity generation station, assembled from six High Cube 40-foot containers. The station is delivered in a Plug & Play format -- all you need ...

Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for easy transportation, simple installation and are stackable, offering up ...

Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for easy transportation, ...

Jenbacher offers containerized generator sets based on our Type 2, 3, 4, and 6 gas engines. Leveraging the expertise acquired during several decades with more than 3,000 containerized ...

Built inside robust, ISO-compliant containers, Liyu Power generators offer a robust solution applicable from remote industrial sites to emergency response situations. Let's delve into the ...

Each manufactured containerised generator is acoustically lined to achieve the external sound levels required at your site. We build each container from scratch with special louvres for free ...
