Huawei Ukraine Energy Storage System

Overview

The project in the Volyn region involves the construction of an energy storage system (ESS) with a capacity of 8.4 MW and a storage capacity of 10 MWh, utilizing the Huawei Smart String ESS LUNA2000 technology, one of the most advanced solutions available on the market.

The project in the Volyn region involves the construction of an energy storage system (ESS) with a capacity of 8.4 MW and a storage capacity of 10 MWh, utilizing the Huawei Smart String ESS LUNA2000 technology, one of the most advanced solutions available on the market.

In 2025, one of the key trends in Ukrainian solar energy was the implementation of large-capacity energy storage systems (ESS - Energy Storage Systems). This is not about household solutions, but about intelligent commercial systems that allow enterprises to accumulate surplus electricity, use it.

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

Huawei Ukraine, a partner of the Association of Solar Energy of Ukraine (ASEU), and Ecotech Invest have signed a memorandum of strategic cooperation in the field of renewable energy. As part of this collaboration, they have announced the implementation of one of the largest energy storage projects.

SEAU partner Huawei Ukraine and SEAU member Photomate organized a business event in Zakarpattia, which became a landmark occasion for the region's energy community. The central focus of the event was the presentation of the Huawei LUNA2000-215-2s10 energy storage system - a cutting-edge solution.

Proso Energy, in collaboration with its partners Huawei and Photomate, organized a major business event that became a significant milestone for the region's energy community. The central theme of the meeting was the

presentation of the Huawei LUNA2000-215-2s10 energy storage system—a modern.

- GoldenPeaks Capital and Huawei sign a strategic MoU to deploy 500MWh of grid-forming battery energy storage systems (BESS) across Central and Eastern Europe.
- Partnership strengthens grid stability amid rising renewable integration, aligning with EU carbon neutrality and energy resilience goals.

Huawei Ukraine Energy Storage System

Currently, this is the only energy storage system in Ukraine to receive TÜV Rheinland certification, a globally recognized mark of top-tier safety and quality.

Huawei lithium energy storage power supply Huawei SmartLi Lithium Battery UPS provides reliable, high-performance energy storage, offering scalable and efficient backup power ...

In particular, Huawei's battery energy storage systems effectively solve the problems of balancing renewable energy sources, providing ancillary services, leveling ...

The central focus of the event was the presentation of the Huawei LUNA2000-215-2s10 energy storage system - a cutting-edge solution that opens new opportunities for ...

GoldenPeaks Capital (GPC) and Huawei Digital Power have expanded their long-term collaboration with a new Memorandum of Understanding to jointly deliver 500MWh of ...

One of the most promising solutions of this class was the Huawei Luna2000 with a capacity of 215 kWh, which has already proven its effectiveness in Ukrainian realities. This ...

The central focus of the event was the presentation of the Huawei LUNA2000-215-2s10 energy storage system - a cutting-edge solution that opens new opportunities for ...

The LUNA2000-215-2s10 energy storage unit combines high technical specifications with practical application. It allows businesses to optimize their electricity costs, ...

The project in the Volyn region involves the construction of an energy storage system (ESS) with a capacity of 8.4 MW and a storage capacity of 10 MWh, utilizing the ...

The LUNA2000-215-2s10 energy storage unit combines high technical specifications with practical application. It allows businesses to optimize their electricity costs, ...

KPI students actively use modern technologies from Huawei in the field of renewable energy, such as solar energy optimizers, inverters and batteries in the Digital ...

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.
