Huawei inverter production in Portugal

Overview

Does Huawei have a photovoltaic inverter?

So far, Huawei has supplied inverters for over 118 GW of photovoltaic projects globally, of which 8.5 GW in Europe. In Spain, it has already installed 1.5 GW. The next target is Portugal.

Is Huawei fusion solar a good investment in Portugal?

Bruno Santo, responsible for Huawei Fusion Solar in Portugal, says this is a strong investment of the company in the country with the objective of “gaining a very relevant position with the main national players in this market, reflecting the success of Huawei in Spain”. In his opinion, “the next ten years are very promising in Portugal”.

Which PV inverter suppliers are based in China?

Nine of the top 10 PV inverter suppliers are based in China. Huawei and Sungrow retained the top two positions for the 10th consecutive year, together accounting for 55% of the global market. Both companies achieved their highest ever market shares in 2024, said Joseph Shangraw, research associate at Wood Mackenzie.

Why was Huawei expelled from Solarpower Europe?

The tech giant was expelled from SolarPower Europe on April 28 after the European Commission said it would restrict meetings with associations affiliated with Huawei. Several Huawei executives are being investigated -- some charged -- in Brussels for alleged corruption involving EU lawmakers.

Does Huawei have a role in Europe?

Huawei declined to comment about its role in Europe. Brussels last year also launched a probe into uncompetitive practices by Chinese solar panel manufacturers, which resulted in two companies withdrawing their bids in a Romanian public tender last year. Workers in the autonomous region of

Ningxia carry solar panels on their backs to a solar farm.

Where are PV inverter shipments growing in 2024?

Global PV inverter shipments increased by 10% to 589 GWac in 2024, with growth occurring in Asia Pacific and the Middle East, while the US and European markets contracted, according to a report by Wood Mackenzie. Nine of the top 10 PV inverter suppliers are based in China.
