Ireland standard solar module price

Overview

At the time of writing, solar panels for homes in Ireland typically range from €3,500 – €9,500, including a grant from the Sustainable Energy Authority of Ireland (SEAI). How much do solar panels cost in Ireland?

The average cost of solar panels in Ireland varies based on the system size, panel type, and installation factors. Typically, a residential solar PV system ranges from €6,000 to €13,000, including installation. This range covers systems from 2kW to 6kW, the most common residential property size.

What type of solar panels are available in Ireland?

Panel Type and Quality: Solar panels vary in efficiency and durability. In Ireland, photovoltaic (PV) panels are the most popular choice, with options like monocrystalline panels offering higher efficiency and a longer lifespan. These may cost a bit more initially but can deliver better long-term savings.

How many homes in Ireland have solar panels?

There are roughly 110,000 homes in Ireland with solar panels. Solar panel prices in Ireland are also decreasing, with government grants and discounts making it easier for everyone to enjoy the perks of clean renewable energy. Furthermore, most homeowners no longer require planning permission, slashing the cost of installing solar panels even more.

Are solar panels a good investment in Ireland?

In this guide, our experts at IDEAL Solar and Electrical will walk you through the typical costs of solar panels in Dublin and across Ireland, the savings you can expect, and why solar panels might be one of the best upgrades you can make to Irish homes and businesses, both for your wallet and for the planet.

How long do solar panels last in Ireland?

It typically takes around 5-6 years to recoup the cost of solar panels in Ireland. After that, you can enjoy free electricity for the remaining lifespan of your

panels. Most solar panels come with a 25-year warranty, so you should be getting renewable energy from your roof for at least that long.

How much do solar panels cost?

The price of solar panels varies based on the type and quality of the panels chosen. On average, a standard residential solar panel system costs between €5,000 and €15,000, depending on the system size and energy output. Installation costs typically range from €1,500 to €3,000, covering: Labour and professional installation.
