Is it okay to bring an outdoor power supply when going to Hungary

Overview

Do I need a power adapter in Hungary?

The standard voltage in Hungary is 230V, and the frequency is 50Hz. Devices from countries with different voltage standards, like the United States (120V), may require a voltage converter in addition to a plug adapter. Do You Need a Power Adapter in Hungary?

Whether you'll need a power adapter depends on the type of plug your devices use.

Do Europeans need a travel adapter in Hungary?

Europeans do not need a travel adapter or transformer when traveling to Hungary. Most device plugs will work with the outlet types in Hungary. Also, the voltage in Hungary is the same as in Europe. What Outlet does Hungary Use?

Type C plug sockets are used in Europe, Africa and Asia. They have two round pins and no grounding pin.

What if my devices are not compatible with the voltage in Hungary?

However, if your devices use a different plug type or are not compatible with the voltage in Hungary, you will need a power adapter and/or a voltage converter/transformer. The standard voltage in Hungary is 230 V, and the standard frequency is 50 Hz.

Are plug sockets allowed in Hungary?

Typically, type C plug sockets are not allowed to be installed in Hungary: these outlets are not earthed and are therefore considered dangerous. Only type F power points are permitted because they are grounded and therefore significantly safer.

Which plug type is best for Hungary?

Despite being bulkier than the Europlug, plug type F is a widely used and reliable option for those traveling or living in the regions where it's used. Ensure your devices have compatible plugs or bring an appropriate power adapter to use them in Hungary. Power Adapter for Hungary?

.

What is the voltage in Hungary?

Just like the rest of Europe, the voltage in Hungary is 230 volts and the frequency is 50 Hz. Hungary has standardized on type F sockets and plugs. Type C and type E plugs can also be used thanks to their compatibility with type F sockets.

Is it okay to bring an outdoor power supply when going to Hungary

The standard voltage in Hungary is 230V, and the frequency is 50Hz.
