Overview

Italy's environment and energy ministry has approved six utility-scale battery storage projects in Lazio, Campania, Basilicata and Puglia. From ESS News A decree issued on Aug. 7, 2025, authorized a 120 MW battery energy storage system (BESS) developed by BESS Sessa.

Italy's environment and energy ministry has approved six utility-scale battery storage projects in Lazio, Campania, Basilicata and Puglia. From ESS News A decree issued on Aug. 7, 2025, authorized a 120 MW battery energy storage system (BESS) developed by BESS Sessa.

The largest project, a 160 MW facility, will be built in the municipality of Tuscania. Italy's Ministry of the Environment and Energy Security (Mase) has issued final approvals for five new battery energy storage system (BESS) projects, paving the way for 361 MW of new capacity to be added to the.

Italy's environment and energy ministry has approved six utility-scale battery storage projects in Lazio, Campania, Basilicata and Puglia. From ESS News A decree issued on Aug. 7, 2025, authorized a 120 MW battery energy storage system (BESS) developed by BESS Sessa Aurunca S.r.l. The facility will.

Italy has taken a major step forward in its energy transition efforts, giving the green light to 361 MW of new battery energy storage systems (BESS) spread across three regions—Lazio, Puglia, and Sardinia. This move underscores the country's growing commitment to grid resilience, energy.

Rome, April 2025 - In a bold move to meet its EU-mandated greenhouse gas emissions targets, Italy is accelerating its renewable energy strategy under the Integrated National Energy and Climate Plan (PNIEC Italy). The government has set ambitious goals for increasing renewable energy on the national.

A 39MW solar project Emeren is developing in Italy, Acate. Image: Emeren Group. Developer Emeren has sold two more Italy BESS projects to Matrix Renewables totalling 293MW, bringing the total projects developed and transferred to 1GW. The two projects in Apulia and Lazio are the latest in a.

Exide Technologies has signed a new contract with an Italian foundry, specializing in structural castings for the machine and energy sectors, to deliver its Solition Mega Three, a large-scale Battery Energy Storage System (BESS) tailored to commercial and industrial (C&I) needs. This project marks.

Italy New Energy Storage Project

The Italian Ministry of the Environment and Energy Security (MASE) has approved a 50 MW battery storage project developed by Nexta Capital Partners and Octopus Energy Generation.

Glennmont Partners and Exus Renewables announce a landmark collaboration to co-develop around 800MW of battery storage projects in southern Italy, bolstering the region's ...

The German company Sma, which has been operating in Italy for some 20 years, is also aiming to play a leading role with its storage technologies in the Macse auction on 30 ...
