

PDEOZE PowerContainer

Kenya solar water pump inverter foreign trade

The image shows a stack of seven PDEOZE PowerContainer units. Each unit is white with a black control panel on top. The units are stacked vertically, with the top unit having a larger control panel. To the right of the stack are four circular icons: a hand pointing to a button, a globe, a battery with a lightning bolt, and a bell with a lightning bolt. Below these icons are four lines of text: 'easy to install and use', 'World wide Products', 'faster charging and discharging', and 'Multiple protection with alarm systems'. Below the icons and text is the heading 'Can save energy' followed by two lines of text: 'the battery capacity can be increased freely and flexibly according to the situation of home use.' and 'Rechargeable lithium batteries use safe LiFePO4'. The background of the image is a house with solar panels on the roof, set against a landscape with mountains and a field.

easy to install and use

World wide Products

faster charging and discharging

Multiple protection with alarm systems

Can save energy

the battery capacity can be increased freely and flexibly according to the situation of home use.

Rechargeable lithium batteries use safe LiFePO4
