Latvian solar Energy Storage Project

Overview

Niam and Evecon launched the Latvia-focused platform as joint venturers in June 2024, targeting 84 MWp of solar and 26 MW of battery storage capacity. Construction of the initial group of projects, totalling 39.4 MW, is about to be finalised.

Niam and Evecon launched the Latvia-focused platform as joint venturers in June 2024, targeting 84 MWp of solar and 26 MW of battery storage capacity. Construction of the initial group of projects, totalling 39.4 MW, is about to be finalised.

Sweden-based real assets investor Niam and Estonian clean energy developer Evecon have launched the second phase of their joint renewables platform in Latvia, kicking off construction of four new solar and energy storage projects totalling 36.3 MW. The expansion brings the platform's total capacity.

Independent power producers (IPPs) Greenvolt and European Energy have finalised financial deals for solar-plus-storage projects in Denmark and Latvia, with the former raising funds from Ringkjøbing Landbobank and the latter divesting from its project. Ringkjøbing Landbobank has agreed a €35 million.

On July 13th, SUNOTEC, a well-known European renewable energy service provider, officially completed the acquisition of SIA DSE Lazas Solar's solar and energy storage project in Latvia. The project is located in the Cīrava area of Dienvidkurzeme, Latvia, and plans to construct a 400 megawatt peak.

European Energy recycles capital through the sale of a 111 MW solar and storage project to an institutional investor. European Energy sells 50% of its 111 MW Saldus solar and battery project in Latvia to Sampension, one of Denmark's largest pension funds. The project combines a 65 MW solar PV plant.

Latvian solar Energy Storage Project

Sweden-based real assets investor Niam and Estonian clean energy developer Evecon have launched the second phase of their joint renewables platform in Latvia, kicking off construction of four new solar ...

Sweden- based Niam Infrastructure and Evecon have joined forces to develop up to 110 MW of renewable energy projects in Latvia, including 84 MW of solar power and 26 MW ...

In the same year AJ Power invested over EUR6 million to deploy battery energy storage systems at its solar power plants in Valmiera, Aizkraukle, and Ilukste, enhancing grid stability and renewable integration.

Latvenergo said it will build the battery energy storage system (BESS) projects in response to increasing demand for flexibility and to synergise with its hydropower, gas-fired plants and solar and wind ...

Niam Infrastructure and Evecon have partnered to build up to 84 MWp of solar power and 26 MW of energy storage across 11 sites in Latvia, marking a significant investment ...

Niam Infrastructure and Evecon have partnered to build up to 84 MWp of solar power and 26 MW of energy storage across 11 sites in Latvia, marking a significant investment in the country's renewable energy ...

The project is located in the C i rava area of Dienvidkurzeme, Latvia, and plans to construct a 400 megawatt peak photovoltaic power station and a supporting 600 megawatt ...

Latvenergo said it will build the battery energy storage system (BESS) projects in response to increasing demand for flexibility and to synergise with its hydropower, gas-fired ...

European Energy sells 50% of its 111 MW Saldus solar and battery project in Latvia to Sampension, one of Denmark's largest pension funds. The project combines a 65 ...

European renewable energy provider SUNOTEC has completed the purchase of SIA DSE Lazas Solar's solar and energy storage project in Latvia from Danish Sun Energy.

Greenvolt and European Energy have finalised financial deals for solar-plus-storage projects in Denmark and Latvia.

Sweden-based real assets investor Niam and Estonian clean energy developer Evecon have launched the second phase of their joint renewables platform in Latvia, kicking ...

European Energy sells 50% of its 111 MW Saldus solar and battery project in Latvia to Sampension, one of Denmark's largest pension funds. The project combines a 65 ...
