# North Macedonia s new energy and energy storage companies

## Overview

---

Is North Macedonia a state-owned power company?

North Macedonia's state-owned power company was unbundled and partially privatized in the early 2000s. Austrian utility company EVN has been responsible for electricity distribution in North Macedonia since entering the market in 2006.

How much solar power does North Macedonia have?

MW facility completed by Mey Energy. North Macedonia enjoys high solar irradiation (1,200 kWh/kWp/year) and abundant degraded land, giving it an estimated technical potential above 5–10 GW for PV<sup>11 12</sup>. The government's initial goal to add 400 MW of solar by 2024 has effectively been met, and new targets envision 1 GW+.

How much is a solar power plant worth in Macedonia?

n estimated value of 70 million euros. Novaci Solar Power Plant: A MW facility completed by Mey Energy. North Macedonia enjoys high solar irradiation (1,200 kWh/kWp/year) and abundant degraded land, giving it an estimated technical.

What is wind power in North Macedonia?

tility-scale and rooftop PV. WIND POWER Wind energy in North Macedonia is at an earlier stage but is poised for expansion. The country's first wind farm, the 36.8 MW Bogdanci Park (1 turbines), was built by ESM in 2014<sup>15</sup>. For nearly a decade, Bogdanci remained the sole wind project—wind cap.

Is Macedonia a leader in the Western Balkans' energy transition?

Rate WWW.WBENERGYWEEK.COM OVERVIEW North Macedonia has accelerated its shift towards renewable energy in recent years, emerging as a regional leader in the Western Balkans' energy transition<sup>1</sup>. By 2023, renewables accounted for 50% of the country's installed power capacity and

May 23, 2025 · How is the country addressing challenges related to energy storage, grid stability, and integration of renewables into the national energy system? Under the new Energy Law, ...

Sep 12, 2025 · A new energy law adopted in May 2025 is expected to further accelerate the uptake of battery storage. State-led solar and wind projects, along with investments in grid ...

The construction of new grid-scale energy storage projects in North Macedonia is also being driven by the decreasing cost of energy storage technologies. The cost of lithium-ion batteries, ...

Jan 9, 2025 · North Macedonia, which has been attracting investments in battery factories, is in talks on a project worth up to EUR 360 million, according to Prime Minister Hristijan Mickoski. ...

Feb 26, 2025 · Turkish company Fortis Energy has announced plans to integrate battery storage capacity at the Oslomej solar power plant, making it the second-largest hybrid power facility in the Western Balkans. Fortis ...

Jan 9, 2025 · North Macedonia, which has been attracting investments in battery factories, is in talks on a project worth up to EUR 360 million, according to Prime Minister Hristijan Mickoski. In addition, Hydrogen ...

Feb 26, 2025 · Turkish company Fortis Energy has announced plans to integrate battery storage capacity at the Oslomej solar power plant, making it the second-largest hybrid power facility in ...

A city where sudden power outages become as rare as unicorn sightings, and solar panels work overtime even after sunset. That's the promise of the Skopje Energy Storage Project - North ...

May 5, 2025 · For energy storage systems planned to be connected to a generation capacity, the draft Energy Law requires obtaining of an authorization for construction of a new energy capacity ("Energy

Sep 12, 2025 · A new energy law adopted in May 2025 is expected to further accelerate the uptake of battery storage. State-led solar and wind projects, along with investments in grid infrastructure and storage, are now ...

May 5, 2025 · For energy storage systems planned to be connected to a generation capacity, the draft Energy Law requires obtaining of an authorization for construction of a new energy ...

Jun 24, 2025 · This report provides a comprehensive update on North Macedonia's renewable energy sector for foreign developers and investors. It covers the current landscape across ...

Jan 5, 2025 · The Road Ahead: Storage Gets a Macedonian Makeover With EUR25M in EU grants allocated through 2026 [5], North Macedonia's storage revolution is charging faster than a ...

A Renewable Energy Future in North Macedonia: A Blueprint for Accelerating the Transition. Research identifies twice the land needed to meet the country's electricity demand without ...
