# Peru Energy Storage Equipment Procurement

## Overview

---

With Peru's renewable energy sector growing at 9% annually, Arequipa's industrial and commercial sectors are actively seeking cost-effective energy storage solutions. This guide breaks down pricing factors, emerging technologies, and smart procurement strategies specifically for the Arequipa market. Does Peru have a Bess regulation?

Peru has no existing BESS regulation and is currently evaluating how to move forward with battery storage projects. In fact, in January 2024, Peru's energy and mining investment regulator, Osinergmin, opened a request for a proposal for a study on energy storage.

What are the opportunities for battery energy storage systems in Latin America?

The opportunities for battery energy storage systems are growing rapidly in Latin America. Below are some key details for those who want to understand and succeed in the BESS market. In 2010, the IEA projected that the world would reach its 2019 solar penetration only in 2035. Analysts underestimated solar adoption by 16 years.
