Ranking of Swedish communication base station inverter manufacturers

Overview

What makes a Swedish EMS company different from other EMS companies?

A common denominator is that the Swedish EMS companies primarily serve local industry. It's not volume that defines the market - it's the ability to meet the demands of highly technical, often regulated and safety-critical segments. Sweden in a broader perspective.

Which companies are based in Sweden?

They are followed by Scanfil, Hanza, GPV Sweden, and Kitron - all with both Swedish and international presence, and clients ranging from global tech giants to leading industrial firms. Geographic clusters - sparse in the North.

How many EMS companies are there in Sweden?

According to in4ma, a research firm specialising in the EMS market, there are approximately 2,250 EMS companies across Europe. Their database lists a total of 74 EMS providers in Sweden - more than in any of the other Nordic countries. It's worth noting, however, that each legal entity is counted separately in the statistics.

How big is the EMS market in Sweden?

It was revealed there that the Swedish EMS sector had a total turnover of EUR 799 million in 2013 - a figure that reached EUR 1.319 billion in 2023. That corresponds to a growth of 65%. This meant Sweden accounted for 2.3% of the total European EMS market in 2023 - but more than 40% of the Nordic market.
