

## **PDEOZE PowerContainer**

# **Russian Energy Storage Implementation Plan**

## Overview

---

The Government of the Russian Federation and RUSNANO will develop a roadmap for the development of energy storage systems. The corresponding agreement was signed by Deputy Prime Minister of the Russian Federation Alexander Novak and head of RUSNANO Sergey Kulikov, the company said in a statement. When will Russia's energy strategy be approved?

On April 12, 2025, Mikhail Mishustin, Prime Minister of the Government of the Russian Federation signed an order approving the Energy Strategy of the Russian Federation until 2050.

What is Russia's energy strategy?

The strategy's priority objectives embrace guaranteed access of the Russian population and economy to the fuel and energy products and services, efficient unleashing of the country's export potential, and ensuring its energy security, technological sovereignty and competitiveness.

Does Russia have an es-2035 strategy?

The absence of an up-to-date strategy thus creates a legal loophole in the regulatory framework that governs Russia's energy sector. In early October 2019, Russia's Ministry of Energy updated the text of ES-2035 and submitted it to the government.

Did the Russian energy sector fulfill the most important strategic task?

But the Russian energy sector fulfilled the most important strategic task: the budget received the required revenues.<sup>13</sup>

What is Russia's oil output strategy?

Russia's oil output strategy, as it has been formulated in ES-2035, sets the upper limit of production at a relatively flat level of 560 tons per annum from 2024 to 2035, in the optimistic scenario. In 2018, Russia's oil output amounted to 555.7 million tons, capped by the OPEC+ agreement.

Does Russia's power sector have a comprehensive power market?

Russia's power sector is the only part of the country's energy sector that went through restructuring reforms explicitly designed to develop a comprehensive power market. It has not been living up to the high expectations formed during the preparation for the reforms of 2002–2008.
