Saint Lucia low-carbon solar curtain wall brand

Overview

Sol-Lucian is a Saint Lucia based Electric Solar Renewable Energy company that has developed a bold approach to reducing the cost of electric utility, through the provision of products and services that include installations of GRID-TIED and STAND-ALONE photovoltaic (PV) systems. What is solar photovoltaic curtain wall?

Solar photovoltaic curtain wall integrates photovoltaic power generation technology and curtain wall technology. It is a high-tech product. It is a new type of building material that integrates power generation, sound insulation, heat insulation, safety and decoration functions.

Which solar cells are used in photovoltaic curtain wall?

At present, crystalline silicon solar cells and amorphous silicon solar cells are mainly used in photovoltaic curtain wall (roofing) systems. Photovoltaic glass modules have different color effects depending on the type of product used.

Are photovoltaic curtain walls a good choice?

Gas with harmful effect and no noise is a kind of net energy and has good compatibility with the environment. However, due to the high price, photovoltaic curtain walls are now mostly used for the roofs and exterior walls of landmark buildings, which fully reflects the architectural features.

How can Sol Lucian help you save money?
