**Several companies are involved
in energy storage power
stations in Croatia**

Overview

Who owns a power station in Croatia?

All power stations in Croatia are owned and operated by Hrvatska elektroprivreda (HEP), the national power company. As of 2015, HEP operates 26 hydroelectric, 4 thermal and 3 cogenerating power plants with the total installed electrical power of 3.654 MW.

Will Croatia build Europe's largest energy storage project?

Croatia is preparing to build Eastern Europe's largest energy storage project. IE Energy has secured €19.8 million (\$20.9 million) to develop a 50 MW storage system, potentially extendable to 110 MW by 2024.

Is Croatia ready for solar energy storage?

"There is immense scope for energy storage in Croatia, predominantly for battery storage." GlobalData says that Croatia is now on target to meet its 36.4% renewable energy target by 2030. However, its recent investment in energy storage has not been accompanied by rapid solar PV development.

Is there a storage facility in southeastern Europe?

There is no storage facility in southeastern Europe yet with such a capacity," Attaurrahman Ojindaram Saibasan, a power analyst at GlobalData, told pv magazine. "There is immense scope for energy storage in Croatia, predominantly for battery storage." GlobalData says that Croatia is now on target to meet its 36.4% renewable energy target by 2030.

How much solar power will Croatia have by 2030?

GlobalData expects the country to reach 770 MW of cumulative solar capacity by 2030. "Croatia's largest state-owned power company HEP has announced plans to invest around \$23 million annually until 2023 to install new capacity of 20 MW per year, as well as to complete 350 MW capacity by 2030," said Saibasan.

How much solar capacity will Croatia have in 2022?

The country might only add 2.5 MW of new solar capacity in 2022, and another 19 MW next year, according to the consulting firm. The International Renewable Energy Agency (IRENA) says that Croatia had 309 MW of installed PV capacity at the end of 2021. GlobalData expects the country to reach 770 MW of cumulative solar capacity by 2030.

Dec 20, 2022 · IE Energy, a Croatia-based energy storage operator, is set to build a 50 MW storage project, after securing EUR19.8 million from the Croatian government via state aid from the European Commission

Aug 1, 2024 · Through ATESS Transforms Croatia's Industry: Multiple factories Embrace Energy storage solutions Amidst Energy Challenges News, you can learn more about the real ...

Jul 12, 2025 · Energy Storage Tech Sector in Croatia has a total of 16 companies which include top companies like Rimac Energy, Q Element and EV Sollutions.

Apr 24, 2024 · In a significant stride towards energy modernisation, Croatia is setting aside EUR 500 million for the development of large-scale energy storage systems. The announcement was made by Damir Habijan, ...

Top Energy Companies In Croatia In 2025 Energy companies in Croatia are responsible for the production, distribution and supply of electricity, natural gas, and other forms of energy to ...

Apr 24, 2024 · In a significant stride towards energy modernisation, Croatia is setting aside EUR 500 million for the development of large-scale energy storage systems. The announcement ...

Dec 20, 2022 · IE Energy, a Croatia-based energy storage operator, is set to build a 50 MW storage project, after securing EUR19.8 million from the Croatian government via state aid from ...

Oct 22, 2025 · The European Bank for Reconstruction and Development (EBRD) is providing a direct equity investment of up to EUR16.8 million in IE-Energy Projekt, a

newly established ...

Nov 4, 2025 · Search all the announced and upcoming battery energy storage system (BESS) projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Croatia with our ...

Aug 31, 2023 · Woodburn Capital is deploying a co-located battery storage project in Croatia, with final rules around connecting to the grid expected soon.

Aug 1, 2024 · Through ATESS Transforms Croatia's Industry: Multiple factories Embrace Energy storage solutions Amidst Energy Challenges News, you can learn more about the real practical applications and ...

Discover all relevant Energy Storage Companies in Croatia, including STRUYA and Mobile Energy Solution

The Long Duration Energy Storage (LDES) industry in Croatia presents several key considerations for potential investors and stakeholders. Understanding the regulatory ...

Aug 31, 2023 · Woodburn Capital is deploying a co-located battery storage project in Croatia, with final rules around connecting to the grid expected soon.
