Slovak solar panel manufacturer

Overview

Who is Slovak solar?

Slovak Solar s.r.o. is a leading photovoltaic wholesaler in Slovakia, Czech Republic and Austria, with a vision to create a sustainable energy future. We started our journey in 2009 with the main idea – to provide companies specialised in the installation of solar systems with access to first-class photovoltaic products, all from one place.

Why should you choose Slovak solar?

At Slovak Solar, we believe that progress comes from constant innovation. From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV).

Will convalt energy revive solar panel manufacturing?

For years, the commitment to solar panel manufacturing has been missing in America. Convalt Energy is on track to revive this industry by becoming America's second-largest mono-crystalline solar panel manufacturer. Convalt started developing power generation projects in Asia and Africa.

What services does solar company offer?

Scope of services: Complete mechanical installation, including pulling of DC cables. Solar Company is an independent solar PV mounting company, with a proven track record of over 300 projects all over the world.
