## Overview

---

Since its establishment in 2008, Slovak Solar S.R.O. has been at the forefront of the solar industry in Slovakia, delivering over 15 years of expertise in both small-scale and extensive roofing projects and proudly holding multiple prestigious awards in renewable energy. Who is Slovak solar?

Slovak Solar s.r.o. is a leading photovoltaic wholesaler in Slovakia, Czech Republic and Austria, with a vision to create a sustainable energy future. We started our journey in 2009 with the main idea – to provide companies specialised in the installation of solar systems with access to first-class photovoltaic products, all from one place.

Why should you choose Slovak solar?

At Slovak Solar, we believe that progress comes from constant innovation. From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV).

What is BIPV & how does it work in Slovakia?

From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV). We led the way with the first-ever 400kWh Battery Backup System, even before container-based battery systems became mainstream.

Who is Sofar solar?

We are the only official distributor of Sofar Solar in Slovakia. In 2010 we were the largest supplier of solar inverters in Central Europe. We have experience of delivering all over Europe, including Germany. We also represent Longi, JA solar and Yigli.
