## Overview

---

How can Solar Partners help Cambodia?

We can help realise the goal of affordable and reliable power provision for all of Cambodia's energy users, ranging from industrial scale business developments to residential home users. For more information on our products and services, please email [info@solarpartners.asia](mailto:info@solarpartners.asia) or phone +855 23 990 300.

What is photovoltaic curtain wall?

Photovoltaic Curtain Wall generates energy in the building implementing solar control by filtering effect, avoiding infrared and UV irradiation to the interior.

What is a curtain wall?

Curtain walling refers to a non-structural cladding system made from fabricated aluminum, commonly used on the outer walls of tall multi-storey buildings. This lightweight material offers ease of installation and can be customized to be glazed, opaque, or equipped with infill panels.
