Who makes lithium-ion battery packs?

Both provide battery pack assembly and testing. Our battery pack manufacturing centers in Xiamen and Shenzhen provide additional services and the production of lithium-ion battery packs and cells. With over 50 years of combined experience in lithium-ion battery technology, no project is too big for us to handle.

Why do we supply bulk lithium-ion batteries?

Our strong network of partners enables us to supply bulk lithium-ion batteries with an internal emphasis on quality control and customer support. As a dependable lithium-ion battery supplier and battery pack manufacturer, we can deliver reliable energy storage solutions for any application.

Who can supply lithium-ion batteries in-house?

If you desire to prototype or assemble battery packs in-house, we can supply cutting-edge lithium-ion cells from leading manufacturers like Panasonic, Sanyo, LG, Samsung, Sony, BAK, Lishen, and others.

What industries do you supply lithium-ion battery packs?

Our core competency is in the large-scale manufacturing of small to medium format lithium-ion battery packs. Some industries we supply include home energy storage, electric vehicles, medicine, military, computing, power tools, robotics, sensors, and more.
