

## **PDEOZE PowerContainer**

# **Vatican Huijue solar Power Station Power Generation**

## Overview

---

Does Vatican City have solar power?

Yes. Vatican City has joined Albania, Bhutan, Nepal, Paraguay, Iceland, Ethiopia and the Democratic Republic of Congo to become one of just eight countries in the world to generate 100% of its electricity from renewable sources. Several church organizations around the world are making the move to solar.

How will the Vatican's new energy system work?

According to the Vatican's press office, the installation will apply the most advanced solutions currently available, balancing clean energy generation with the preservation of agricultural use, the region's hydrogeological stability, and the protection of its cultural and archaeological heritage (ZENIT News / Rome, 08.01.2025).-

Should a solar farm be built outside Vatican walls?

Sign up here. Expressing his wishes in a Motu Proprio, a personal papal edict, the 87-year-old pontiff said the solar farm should be built outside Vatican walls, in Santa Maria Galeria in the northwestern outskirts of Rome.

Will a new solar farm be ready for the Vatican?

The area belongs to the Vatican and already hosts a broadcasting centre for Vatican Radio, which will also be powered by the new solar farm. The papal edict did not specify how big the farm will be or when it would be ready.
