Outdoor Lithium ion Battery Enclosure mainly provides a stable working temperature and dust-free environment for lithium battery, they are integrated with thermal insulation and equipped with air conditioner of different refrigerating capacity.

Outdoor Lithium ion Battery Enclosure mainly provides a stable working temperature and dust-free environment for lithium battery, they are integrated with thermal insulation and equipped with air conditioner of different refrigerating capacity.

AZE can provide a wide selection range of outdoor integrated cabinet, battery cabinet and telecom equipment cabinet, which are widely used in wireless communication base station ,electricity,radio station, solar battery, television field,5G base industries,including the new generation of 4G system.

Outdoor Cabinet BESS CX-CI002 is an all-in-one 215kWh lithium battery storage cabinet system specifically developed for demand regulation, peak shaving, industrial and commercial energy storage, etc. It integrates 215kWh LiFePO4 batteries with BMS, high-voltage box, power distribution system, PCS.

Individual pricing for large scale projects and wholesale demands is available. Flexible All-in-one design and highly integrated Modular design with different optional parts up power supply.
